## 6. Qualification Pathway

### a. IPC World Ranking Database

The IPC World Ranking database will be used to allocate seven (7) slots per medal event.

- i. CGA Nations will be extracted from the IPC World Ranking Database to create the Commonwealth-adjusted Ranking List.
- ii. CGAs will be capped at three athletes per event within the IPC world ranking database.
- iii. In the event the final slot of qualification has been achieved by more than one athlete with the same result, the IPC and CGF will at their sole discretion determine who receives the final slot.
- iv. These slots are only transferable to an athlete who is eligible to compete in all events the athlete who qualified the slot to the CGA was competing in. In the event a CGA is unable to accept the award of any and/or all slots earned via this method, the slot(s) will be redistributed via the reallocation policy.
- v. Only IPC sanctioned events will be recognised for the purpose of the IPC World ranking database. The qualification period is as follows:
  - o 31 October 2016 to 31 October 2017
- vi. IPC sanctioned events are outlined via the IPC website ([www.paralympic.org](http://www.paralympic.org)).

### b. Universality

In recognition of widely and regularly practicing Para Athletics athletes whose nation has not otherwise earned a slot-allocation, one invitational position per event may be issued.

This method may be actioned in circumstances where:

- i. Less than three (3) CGF regions are represented within an event at the end of the qualification period. Best endeavours will be made to ensure regional representation; or –
- ii. An extenuating circumstance has occurred resulting in an athlete being unable to register a result within the qualification period; or when –
- iii. An athlete who, in the opinion of the Bipartite Commission, has demonstrated a previous level of performance commensurate to participation at the Commonwealth Games but has not otherwise attained a slot-allocation via the methods outlined within the Athlete Allocation System.

All applications for a Universality slot-allocation must be submitted by CGA. Athletes to be considered by the Bipartite Commission shall have competed in at least one (1) IPC sanctioned event within the qualification period. These slots are non-transferable and in the event the CGA is unable to confirm the Games-time entry/participation of the specific athlete, the slot will be redistributed via the reallocation policy.

At the cessation of the qualification period, the following procedure will be implemented:

- iv. GOLDOC will advise CGAs of the slots attained from the IPC World Ranking database;
- v. CGAs will confirm their intention to accept the slots attained drawn from the IPC World ranking database;
- vi. All slots awarded via the IPC World Ranking database will be issued to the CGA (in the name of a specific athlete) for allocation;
- vii. These slots are binding to the event and classification in which they were attained;
- viii. CGAs to nominate to GOLDOC for a Universality place;
- ix. Bipartite Commission to determine the allocation of Universality places;
- x. GOLDOC to advise CGAs of the Universality places attained;
- xi. CGAs to confirm their intention to accept the Universality places offered;
- xii. In the event if the CGA is unable to accept the award of any and/or all slots earned via this method, the slot(s) will be redistributed via the reallocation policy.

## **7. Athlete Eligibility**

To be eligible for endorsement by the CGA, an athlete must;

- i. Be internationally classified with a confirmed sport class status or review 2019;
- ii. Hold an active IPC Para Athletics license;
- iii. Have competed in at least one (1) sanctioned / approved IPC Para Athletics competition between a compulsory period 31 October 2016 and 31 October 2017;

- v. Not be currently under disqualification or suspension by the CGF, or their respective Affiliated CGA or IPC or under the World Anti-Doping Code;
- vi. Have complied with all applicable rules and regulations of the CGF, IPC and the World Anti-Doping Code as may be modified and applied by the Federation to ensure that the overriding principles of the Commonwealth Games are observed. In the case of any inconsistency, CGF rules and regulations will prevail;
- vii. Have met the CGF's eligibility standards in accordance with the CGF Constitution;
- viii. Have complied with the minimum age regulations as stipulated by the IPC.

This exemption is granted at the sole discretion of the Bipartite Commission, having consideration for any matter they deem relevant.
