NPCs must present all relevant medical paperwork for their athletes with 'New' or 'Review' status to the respective IF, according to their classification rules. For every classification matter the NPC must contact the respective IF.

Viability Criteria

If the IF does not state its Viability Criteria, then it shall adhere to the Viability Criteria of the APC as follows:

- Individual Events
There should be a minimum of four (4) athletes from two (2) participating nations;
- Team Events
There should be a minimum of four (4) participating nations.

In exceptional cases where an event is already on the final programme and does not fulfil the Viability Criteria during the competition day, the following alternative steps can be taken:

- Technical Delegate's Decision
The Technical Delegate reserves the right and authority to move the athletes into another reasonable class, or combine different classes together

Medal

Gold, silver, and bronze medals shall be awarded to the top three winners in each event. However, in exceptional cases where only three or fewer athletes or teams compete in a medal event, the “minus-one rule” will apply. This includes events that are combined across sport classes.

For example, if only two athletes or teams compete in an event, only a gold medal will be awarded.

If multiple age categories exist within the same discipline, medals will be awarded within each specific age category based solely on the results of athletes competing in that category. Results will not be combined across age categories.
